2.2. TNRSP

2.3. World Bank funded/loan assistance

2.4 Upgradation

2.5. Spl. Maintenance

2.6. IDS

2.7. IDS strengthening

2.8. Road safety policy

2.9. IT Development/ procurement and implementation

2.10. Road Management System

2.11. Road users satisfaction survey

2.12. Tamil Nadu Road Sector Project

With the World Bank loan assistance, the Tamil Nadu Road Sector Project, is being implemented at a total project cost of Rs.2160 crores, of which World Bank has provided loan to a tune of Rs.1670 frores and the balance Rs. 490 crores is provided by the Tamil Nadu Government. This project is being implemented from 2003-04.

The Project comprises of the following three major components

1. Strengthening and Upgradation of 742 km of core network of Roads.
2. Enhanced periodical maintenance of 2000 km of State Highways & Major district roads safety works.
3. Institutional strengthening and Implementation of action plan.

2.13. Upgradation Component

742 km of Roads are being upgraded to international standards. The total lengths of roads have been divided into 5 packages of which 4 packages have been entrusted to contractors by International competitive bids. Works are under progress in these package. Preparation of Detailed Project Report for works in the 5th package is in progress. On receipt of project report, the tender will be called for implementation of works.

The details of Packages are as follows:

1. Contract Package No.1 Arcot to Thiruvarur and 9 by-passes (Arani, Polur, Thiruvannamalai, Thirukovilur, Vridhachalam, Chengam and Jeyankondam- Ariyalur sections -393 km- Estimate Rs.611.70 crores.

2. Contract Package No.2 Nagapattinam to Kattumavadi and 3 by-passes (Muthupet, Thiruthuraiipoondi and Nagapattinam)- 116.60 km –Estimate Rs.198.77 crores.
3. Contract Package No.3- Kattumavadi to Ramanathapuram-99.80 km- Estimate Rs.134.410 crores.
4. Contract Package No.4- Ramanathapuram to Tuticorin-117.90 km –Estimate Rs.119 crores.
5. Contract Package No.5- Kumbakonam By-pass extension and Ramanathapuram Bypass-15 km Detailed Project Report preparation work is in progress- Estimate Rs. 51.45 crores.

In the upgradation works, rehabilitation and resettlement of project affected persons are being implemented as per the requirement of World Bank, utilizing the services of Non-Government Organizations. Environment Management plan and action plan are also to be negotiated on a basis. The majority of landowners are coming forward to part their land for this project. In other cases, lands are being acquired through the Tamil Nadu Highways Act.

2.14. Special Maintenance works

The Enhanced Periodical Maintenance in about 2000 km is being taken up in a 4 year cycle. For the year 2004-05, State Highways and Major District Roads of the core road network to a length of 634 Km has been taken up at a cost of Rs.242.55 crores. The above works taken up 15 packages are nearing completion. The second year program 2005-06, roads to a length of 274 Km has been identified for enhanced maintenance at a cost of Rs.109.47 crores and the works will be taken up shortly in 11 packages. For the third year 2006-07, list of works is under preparation. On finalization of list, works will be started duly calling for tenders.

2.15. Institutional Strengthening

Under this scheme, the recommendations of the international consultants to strengthen this department have been received. The implementation of the recommendation is under consideration of the Government. The salient features of the scheme are as given below:-

- Re-structuring the Highways Department including creation of a corporate office.
- Creation of a planning unit and preparation of Highway Master Plan and Road Safety Plan.
- Road Fund creation.
- Creation of land acquisition units and protection of Highway Land

2.16. Road Safety Policy

It is intended to implement the recommendations of the consultants on road safety, especially to reduce road accidents by preparation of road safety plan for pedestrians, cyclists and buses. It has been planned to take up the following actions in this regard.

- Improve and update the accident data collection and analysis system for Scientific Research and enhance mechanism for sharing data among user departments.

- Introduce a system of road safety measures; identifying accident prone areas and taking remedial action, implementing design and structural techniques.
- Strengthen the Traffic Engineering Cell with adequate technical staff and modern equipments.
- To avoid the accidents due to the presence of speed breakers in the roads, provision and maintenance of new type of speed breakers will be implemented uniformly wherever necessary; taking legal action against those who are constructing speed breakers without the prior permission of the Department.
- 300 locations have been identified throughout the state as accident prone area. Of this, improvement of 50 spots at a cost of Rs. 37.89 Crores is proposed to be taken up on priority basis adopting modern techniques. Improvement of junctions and realignment will be part of improvements.

2.17. Information Technology Development, Procurement and Implementation

As part of the Institutional Strengthening Programme of Highways Department, Government intends to procure necessary Computer Hardware and software required for all the wings of Highways Department by establishing a strong IT unit. It is also planned to develop and implement a Geographical Information System (GIS), which will provide a digital database of Tamil Nadu State road network.

2.18. Road Management System

Consultants have been engaged to provide technical assistance to establish a Road Management System (RSM) for the core road network (SH & MDR) of Tamil Nadu. The Road Management System will have detailed road, bridge and traffic inventory data of the core road network as its main repository. This system assists the Department in prioritizing road works and also preparing the road condition reports. The system will be extensively used in the planning process.

2.19. Road User Satisfaction Survey

A Road User Satisfaction Survey has been conducted throughout the State among the road users in respect of road conditions and road amenities including the performance of the Department. The finding of the survey would be used for formulating strategic and operational decisions.

Chapter 3

Powers and duties of Officers and Employees

3.1.

The Chief Engineer(H) TNRSR is the Head of this TNRSR-wing.

3.2. Chief Engineers

- (a) The Chief Engineer is empowered to accord technical sanction to any value.
- (b) The Chief Engineer is empowered to accept tender to any value.
- (c) The Chief Engineer is empowered to sanction 10% of the variation cost up to 10% of the estimate value.

The powers of Chief Engineer, Superintending Engineer, Divisional Engineer, Assistant Divisional Engineer and Assistant Engineer's have been defined in the Tamil Nadu Highways Manual Vol. IV.
